MRS. F. J. NORTON, Freeville, N. Y. La Grippe seems to wrench every particle of vitality from its unfortu-nate victims. That's where the principal danger lies; because it leaves the system in a weakened condition which invites more serious diseases. During convalescence

Dr. Miles' Nervine should be taken to restore nervous energy, and overcome this weakening influence which is the most serious effect of La Grippe.

Death of Emery Frye.

By the death of Emery Frye, Sept. 13, Concord is called to part with one of its oldest citizens. Mr. Frye never recovered from the death of Mrs. Frye, which occurred Sept. 14, 1907, and had been subject to attacks of melancholia, which a few months ago developed into a form of insanity, and he was taken to the Brattleboro Retreat, Aug. 12, in the hope the treatment might be beneficial. There his death occurred after an illness of but a few days. Mr. Frye was born in Coucord, March 12, 1838, a son of manufacturing of butter. Harvey G. and Lucy Hill Frye, one of a family of eight children, of which he was the last. He was married to Alice Evelyn Morton, March 15, 1858. Mr. Frye spent his whole life in Concord except a few years when he lived on a tarm in Waterford. He had only friends in the town where his life has been spent. A familiar figure on our streets, he will be greatly missed. His funeral was held from the Universalist church, Friday, at 1 p. m., Rev. Grant Van Blarcom officiating. Music was furnished by a male quartet from St. The pall bearers were C. L. Stacy, William Lindsey, W. C. Pratt, and O. B. Cutting. Interment was in the old cemetery.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Aver's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Aver's Pills.

Woman's Club Notes. The first meeting of the second year of the Lyndon Union club was held in Cable Hall, Thursday afternoon, with a good attendance. The year books were distributed, very neatly printed books, and a credit to the program committee, of which Miss Nellie Davis is chairman. After the routine business, the program was left in the hands of the art committee. Miss Alice Vail, chairman of this committee introduced as the speaker of the afternoon, Mrs. Spooner of Northfield, chairman of the State Art committee. Mrs. Spooner's subject was "The Evolution of Art," and she had with her a large collection of mounted pictures in color, and in black and white, copies of celebrated paintings. She began with the earliest traces of art in its various forms and traced its history through the ages of progress and civilization giving an outline sketch of the great periods and the artists who created them. The last of her lecture was devoted to the subject of art in the United States, also in Vermont, and ended with a plea for practical art teaching in the public schools. The lecture was intensely interesting, and full of information, and greatly enjoyed by the club. A beautiul selection was sung by the ladies' double quartette, and a social hour followed, punch and wafers being served by the committee for the day.

There are now four departments in the club. The music class led by Mrs. Paige; the mother's class by Mrs. Goodwin; the art class by Miss Alice Vail, the nousehold science class, by Mrs. Blodgett. The next meeting of the music class will be Oct. 7, the Mother's Circle will meet Oct. 14, with Mrs. Crafts, and the household science class will meet Sept. 23, with Mrs. Blodgett.
